I am writing this same letter to Davis and Irvin because I just read in the paper that both of you had signed to play in Mexico this year. It was in the white daily papers an Associated Press story.

I am writing so I can get the information directly from you if it is true. I would have expected both of you to talk to me before deciding to leave the team.

Please answer me right back so I will know what is what. I do hope I will be able to talk to you soon. You both said in your last letters you would be home in March. Do you still plan to come? I will be looking to hear from you.

Very Truly Yours

*Love to you
Davis*
